

Statewide Portable Equipment Registration Program
FORM 2-C - Proof of Date of Purchase for Portable Internal Combustion Engine

Choose Appropriate Response, 1 or 2, and Provide Information Requested

Note: Applications for new 2005 model engines must be submitted by November 1, 2006.

- ☐ 1. The engine was ordered directly from the engine manufacturer to be put in a piece of equipment. Attach valid documentation regarding the date of purchase such as a copy of a cashed check, copy of purchase agreement/order, or copy of final sales invoice/receipt.

Date of purchase _____

Name of engine manufacturer _____

Type of equipment engine used in _____

Engine serial number _____

- ☐ 2. The engine was ordered from an authorized equipment distributor or vendor. Attach valid documentation regarding the date of purchase such as a copy of a cashed check, copy of purchase agreement/order, or copy of final sales invoice/receipt.

Date of purchase _____

Name of distributor/vendor _____

Type of equipment engine used in _____

Engine serial number _____

I hereby certify that all information provided on this form and attachments is true and correct.

3. Printed Name of Responsible Official:	Title:
4. Signature of Responsible Official:	Date:

(FORM 2-C)

In order to for engines over 175 bhp that were built in 2005 to be eligible for registration, an owner and/or operator must prove to the Executive Officer that the engine was new and purchased between July 1, 2005 and December 31, 2005. Examples of adequate proof of date of purchase are copies of cashed checks, purchase agreements/orders, or sales invoices. Do not use this form if you purchased the engine used or secondhand.

Choose how you plan to demonstrate that the engine was purchased in the required time period:

1. *Purchased directly from the engine manufacturer* - choose this option if the engine was ordered directly from the engine factory to be put into a piece of equipment. Do not choose this option if you bought the engine from an authorized distributor already connected to its equipment such as a generator, compressor, pump, grinder, crusher, etc. Attach documentation of the date of purchase as described above.
2. *Purchased through an authorized equipment distributor/vendor* - engine was ordered from an equipment distributor or vendor as a finished product. Examples of such places are construction equipment vendors, rental companies, local authorized engine dealerships, brand name compressor/generator sales outlets, etc. Attach documentation of the date of purchase as described above.
3. *Printed Name of Responsible Official* - Printed or typed name and official title of person signing and dating form.
4. *Signature of Responsible Official with Date* - Signature of responsible member of entity. (Application will not be accepted unless signed and dated.)
